Discussion Topics: Planning STY program for 2016-2017 at the Al Davies Boys and Girls Club

- Link Helen made contact with Katie Quinn at the Al Davies Boys and Girls Club in Tacoma. She gave a brief explanation of what the Links would like to do. Link Helen has a meeting with Ms. Quinn on Friday, October 14 at 11:30 AM
- The two groups of students are Middle School and High School—we are leaning towards the Middle School
- We will be working with both girls and the boys at the club
- Our plan is to meet with the students twice a month – dividing our committee into two groups, each group meeting with the student once a month.
- Also, we would like to meet the parents before we begin working with the students.
- There is a video for parents—MASS YOU LIVE IN—to show before we start with the students (as a kick-off). However, this might be a challenge since the club closes at 7:30 PM. Suggested that we could send letter to parents letting them know who we are and our plans
- Questions for Ms. Quinn - Do you ever have a meeting with the parents, should we show video to parents, and/or to parents and students together? How many students will possibly be in these sessions? How involved are the parents? Would Middle School or High School would work better?
- Link Melva has a booklet: SAY NO TO BULLYING TODAY! By Joe Wojcik. However, his request is that we do not copy or duplicate it. Link Melva will send email to him asking his permission to copy some sections of the book.
