

TECHNOLOGY COMMITTEE REPORT COVERING MAY 2017

MEMBERS

Links Mashandra Elam, Stephanie McGriff, Lisa Shyne, Alicia Stephens, and R. Kirsten Watts (chair)

WEBSITE REDESIGN/UPDATES

The website is out of the redesign phase. All focus is on optimizing the upgraded functionality of the redesigned site.

The webmaster, Crozz Communications, completed key updates to the “Members Only” and “Scholarship” pages. He will add more event photos to the “Programs” page this month. The “Members Only” page is just about ready for access by the membership.

On May 15, 2017, the committee discussed and decided to respond to the “pay-by-the-hour” maintenance proposal from the webmaster. Link Kirsten sent the webmaster required revisions to the proposal and is awaiting his response. Once the revised proposal is received, it will be reviewed once more and signed.

2017 SPRING FLING/50TH ANNIVERSARY CELEBRATION

Link Kirsten prepared the Lessons Learned report from the Technology Committee perspective and shared it with the Spring Fling/50th Anniversary Committee co-chairs on May 1, 2017.

Links Kirsten and Stephanie participated in the May 2 closeout meeting for the Spring Fling/50th Anniversary event planning and implementation.

Links Stephanie and Kirsten compiled a set of pictures from the celebration and shared them with the webmaster on May 13, 2017.

TECHNICAL SUPPORT PROVIDED TO OTHER FACETS/COMMITTEES

For Spring Fling/Fundraising and Scholarship Committees:

- Links Stephanie and Kirsten compiled pictures to be added to the chapter’s website and possible Facebook page.
- Link Kirsten saved the scholarship Power Point Presentation, the scholarship recipient’s video, and individual slides converted to pictures of each scholarship recipient to a flash drive for the Scholarship Committee to use at its May 13, 2017 event.

OTHER

Link Kirsten updated the chapter’s Dropbox accounts on May 12 and 13. This included temporarily expanding the storage capacity of the main account. Later this month, she will migrate files from one account to another to avoid incurring storage charges

On May 10, Link Kirsten completed and submitted to the Western Area an application for the “Best of the Web Awards!” contest. It represents an opportunity to recognize and share best

practices from chapters across the Western Area for their online presence and branding excellence. Chapters will be recognized at the 2017 Western Area Conference in Denver.

NEXT COMMITTEE MEETING

Every first and third Monday of each month, 7-8 PM, unless otherwise announced.

Respectfully Submitted by R. Kirsten Watts on May 15, 2017
