

Palmer Scholars/Links Collaboration Report April 2019

Thirteen members of the Tacoma (WA) Chapter of The Links, Incorporated attended the *Stand Up & Cheer "Louder"* luncheon hosted by Palmer Scholars on April 23, 2019, at the Murano Bicentennial Pavilion. Promoting the theme, *Creating Hope and Opportunity through Education*, Tacoma Chapter joined our community in a heartwarming celebration of the accomplishments, hopes, and dreams of our youth and paid tribute to several Palmer Scholars advocates.

Attendees had the opportunity to meet Executive Director, Jonathan Jackson, and our Palmer Scholar – Brooklyn June Hose, a junior at Curtis High School. We look forward to continuing our collaboration with Palmer Scholars (especially supporting Brooklyn), increasing our service and visibility in the community, and promoting The Links brand.

The Scholarship Committee would like to provide a meal for one of the Palmer Scholars training sessions, consisting of approximately 40 people. We will provide more details regarding this in the very near future.

Respectively submitted,

**Dorothy P. Williams
Palmer Scholars/Links Liaison**
