Plans are full steam ahead to make it a successful event. Flyers will be available at the meeting so that members can post them in the community.

Link Roz has meet with the Elks club and Dark Diva staff to determine needs.

Tickets are selling slow and we need Links to purchase their tickets. A reminder that there is an assessment for each Link of seven tickets per Link. We want community people in the seats having a good time.

Link Sharon has arranged for us to meet with Key Bank on 9/26 to look at scanning machines.

Link Alicia has asked members to act as hostesses for the event. Link Turner is in charge of registration and will ask several Links to assist her.

Link Lee is having tickets printed for the raffle.

The technology committee may need several links to help them.

Our full committee meets on September 25th. Additional information will be given out at the Sept 28 meeting.

Link Green

Chair, Fundraising Committee
