

Fund Development Report September 2020

Following our business meeting on Sept 26, the fund development committee request one hour to generate ideas that can be explored to raise funds for our chapter. Given the current environment we ask all members to share their thoughts on ways to create a memorable and profitable experience for our guest/sponsors/ourselves.

Our agenda would include:

Link Wendolyn Washington, Town Lake (TX) Chapter, WA
Representative to the Links Foundation
(Waiting for confirmation) To share various approaches for fund raising. 15 minutes

A few ideas from committee members to be highlighted
On-line comedy show with band performance
Marketplace featuring black owned businesses=vendor fees paid
Solicitation letters to companies featuring scholarship recipients, Links programming, etc.
Identify grant opportunities-State Farm, TJ Maxx, etc
Drive in theater event-checking LeMay car museum requirements
Invite professional athletes to participate

This list is far from complete hence we are having brainstorming session. Eventually we will rank, then prioritize what we can do this year.

Members should come prepared to share their ideas resulting in a highly productive meeting. If unable to attend members are encouraged to send their thoughts to Link Carolyn or Link Sharon.

Thank you,

Link Carolyn
