TECHNOLOGY SUPPORT

- Link Gina will be training committee members to help update the chapter website. The training will be in June
- Links Stephanie Tisby, Angela Walker and Denita Harden-Patton will participate in the WA Director virtual dance video
- Link Kasaundra wants to increase the Likes in our FaceBook to meet the goal of 500. She also has the goal to increase Followers in our Twitter to 100. To meet these goals the Technology Committee at the May Business meeting will be asking chapter member to encourage their friends and families to **Like** our Facebook pages and to **Follow** us on our Twitter. The more people to participate in this, increases our visibility, recognition and presence in Social media. This will additionally aid in attracting viable candidate for membership. postings for monthly meetings to keep the IT Committee up-to-date on what she is posting on social media accounts
