

I CAN FLY HIGH SCHOOL,

P.O. BOX 3414-90100,

MACHAKOS, KENYA,

EAST AFRICA.

1st OCTOBER, 2023.

Dear Links Tacoma Chapter,

Hello, how are you? I hope you have good since the last time I wrote to you. I have been good. I hope everything is thriving well.

It has been four years since we joined in I Can Fly High school and now we are about to finish our course. It has been a good time working together with other students and our teachers, for they have been equipping us in school subjects and knowledge to solve our life difficulties.

We are very grateful for the help that you have been giving to us. Your contribution in enabling us to be educated, has played a very big part in motivating us to work and perfect our imperfections. We appreciate you for playing a huge part in building our future.

I promise to do my level best in my exams. My ambition is Chuka University in Kenya but I have always been dreaming of being admitted to which has always been my best university since I was a young girl. I believe it is going to come true. As the candidate of this year, we promise to make you proud. We are requesting you to always pray for us to excel in our exams. Thank you for always supporting us through our mom Sha' Givens for she has been loving, kind, a mentor and a sweet loving mother to us. We appreciate for your generosity. You have contributed a big part in making me to grow. I love you so much and promise not to forget you.

Yours sincerely,
Elizabeth Weirika
